

Name _____

Here are some things to try as you read **A Periodic Table, Linkages, and Dance Squared** on Math Munch.

- Browse the Periodic Table of Mathematicians. Find a mathematician that you have heard of and a mathematician that you haven't heard of. Record a fact about each one below.
- Pick a number you like, from 1 to 1000. Think of a fact that's true about your number and write it below. Then find out what Erich says about your number on What's Interesting About This Number?
- Draw a picture of a linkage that you think would be tricky to unwind.
- What fractions can you find in *Dance Squared*?
- Draw a picture of your favorite part of *Dance Squared*, or make up a picture of your own inspired by it.
